We have a quantity of Morris & Co. and Empire Fertilizers, but you should place your order soon if you want any this fall, as it is hard to get and we will not promise to supply any after our present supply is exhausted. Better order now.—Tetley-Klein Lumber Co.

We would call attention of our merchants and business men, who desire to reach the public, to the fact that The Times is going regularly each week into the homes of an ever increasing number of readers. The unprecedented crops bring assurances that trade will be better than ever this fall. The general public is coming to recognize the merits of goods that are advertised—the kind which the merchant wants you to know he handles—the kind that he isn't afraid to stand behind. Purchasers are looking for such brands of goods; if you have them, tell them so.

You had better hand in your orders at once for fertilizer if you want to use any this fall, as it is hard to get. We have some Morris & Co. and Empire Brands on hand as present, but will not promise to supply any after our present stock is exhausted. Buy now and be sure.—Tetley-Klein Lumber Co.

O. J. Ferguson, editor of the Fredericktown Democrat-News, was in Farmington for a brief stop Tuesday afternoon, on his return from a business trip to Flat River. While here he made the Times office an appreciated call. While O. J. is comparatively a new man in the newspaper field, he fits snugly into the groove that was apparently prepared for him in such work, and has made good abundantly on the Democrat-News, having built up both the newspaper and job business in that field until he is compelled to keep quite a force busy on lucrative work. And he is deserving of all the good things he is enjoying.

WANTED—A fine Saddle Horse. My son has placed an order with me to purchase a gilt-edge saddle for park riding in New York. Must be stylish and sensible, 16 hands high, five gait, color black, dark bay or dapple iron grey, over five years and under seven years of age. Will pay a handsome price if suited.

W. A. KENNEDY, Farmington, Mo.

Col. Charles L. Woods, editor of the Rolla Herald, and recently appointed Deputy Oil Inspector, under State Oil Inspector Omar D. Gray, arrived in Farmington last Thursday afternoon on his initial visit in an official capacity, remaining here until Friday morning, when he caught the local to Fredericktown. Col. Woods is an old-time friend of The Times editor, and we were especially pleased to welcome him to this city. This was his first visit to this city, and he was most favorably impressed with the appearance of Farmington, as well as the wonders of this county, heretofore unknown to him, principal among which were the enormous mining industries of the Lead Belt. He promised to come again, and often.

FOR SALE—Farm, 68 1-2 acres located one mile north of Knob Lick, 5-room house, log barn, good well and fine spring on the place. Bearing orchard. Also 3 head of mules and one mare, 8 head of hogs, farming tools, etc. Sale or trade for good town property in Lead Belt or county. Price very reasonable for quick sale. Come and look it over or write to owner.—Wm. Randall, Knob Lick, Mo.

The editor of The Times left Thursday morning to attend the annual session of the State Press Association, which convenes in St. Louis at the American Hotel the same day. A very attractive program has been mapped out, which includes, aside from the business meetings, an auto tour of the various points of interest in the city, a day on a river steamer Friday, ending with a visit to Jefferson Barracks to see the soldiers' parade and drill and supper with them a little later, also possibly an excursion to Jefferson City Saturday for an inspection of the new capitol building. This latter is not a certainty, however, as it will depend upon whether the Missouri Pacific will have a train to spare from its work of moving the troops at the behest of the government.

The Times still has on its full armour for the good of this community

ATTEMPTED SUICIDE

Tony Soka, one of the Hungarians from Flat River who was charged with highway robbery, attempted to commit suicide in the county jail Tuesday, about 3:30 o'clock by jumping off the top of a cell onto his head on the floor. He was unconscious for nearly two hours after his attempted suicide, until about 5 o'clock.

Upon examination by Dr. Robinson no fracture of the skull was found, but two soft spots on each side of his head were the only injury noticeable. This testifies to the fact that Tony is rather "solid-headed."

There is no reason evident why he should attempt such a rash act. He had been acting rather strangely for several days before, and it is possible that he was temporarily insane at the time.

He is one of the four who broke jail recently and who was captured the next day.

FARMINGTON WELL REPRESENTED IN SCHOOLS OF STATE

The departing of many of our fine young people of Farmington for school in the last few days has reminded The Times of the unusually good representation Farmington has in the educational institutions of the State, and elsewhere.

The large number of "seekers after knowledge" from this place testifies that Farmington is thoroughly wide awake to the needs and advantages of a college education.

Many professions are being trained for by our Farmington young men and women. Some are preparing to be able to take upon themselves the responsibilities of a teacher and to instruct our school children over the land. Some are preparing themselves to become lawyers, some physicians, and still others are preparing to become engineers, miners, ministers and other professions in life.

The representatives of Farmington at the different schools are: Miss Edith Davis at the Cape Girardeau Normal; Ward Fleming, Terry Chandler, Frank Ledbetter, Delos Johns and Miss Alva Clay at the State University at Columbia, Mo.; Carson and Munson Morris, at the Missouri School of Mines at Rolla, Mo.; Myers Mayberry and Opal Evans, at William Jewell College, Liberty, Mo.; William Huff and Miss Doris Swink, at Drury College, Springfield, Mo.; Tom McKinney, at Westminster College, Fulton, Mo.; Misses Dee Allen McKinney and Virginia Sutherland, at Synodical College, Fulton, Mo.; Miss Virginia Marbury and Alma Williams, at Lindenwood College, St. Charles, Mo.; Misses Willette Haile and Emily Matkin, at Stephens College, Columbia, Mo.; Ewart Crowe, at Central College, Fayette, Mo.; Miss Frances Flowers, at Kirksville, Mo.; Normal; Miss Georgia Bailey, at East Kentucky Normal School; Leon Haile, at St. Louis University, and Homer Clay, at Washington University, St. Louis. Also, Farmington is represented in Yale University by Frank Tucker. Clyde Gale will also leave soon to enter some college.

RED CROSS NOTES

"In as much as ye have done it unto one of the least—ye have done it unto me."

Are you a Red Cross disciple?

No Red Cross service of any sort or nature is obligatory. Willingness to help where one can is our motto.

AWAKE! and give aid through the Red Cross to our boys who are leaving us, "destination unknown," to fight for a world peace and YOU.

More sewing machines are needed by the sewing units. Have you one to lend?

"Tag Day" has been changed to Saturday, October sixth. Count the cost and give what help you can. Prepare for it. The Chapter hopes to enlarge its treasury so as to carry on our work in this season.

We would like the name of every man, woman and child in this community on the Red Cross roll. The memberships are as follows: Red Cross member, \$1.00; Subscribing member, \$2.00; Contributing member, \$5.00; Sustaining member, \$10.00; Life member, \$25.00; Patron member, \$100.00.

The local Chapter received this week a liberal contribution from our Congressman, Mr. Hensley.

Mr. Trauernicht has some beautiful Red Cross pins that you can buy for 25 cents each. The little buttons are given when you become a member.

Two million "Comfort Kits" are to be made at once by the American Red Cross for the army and navy. They are to be made under the direction of the St. Louis Chapter. One million of the "Kits" are to go to our army and the other million to the Russian army as a token of cheer.

The Red Cross Commissioner in France has advised about comfort kits as follows: "They should contain pipe and tobacco pouch, heavy socks, handkerchiefs, wash cloths and soap, mouth organ or game, pencil, writing paper or pad, and envelopes, and if possible single-bladed knife and spoon."

You will notice in the stores in town "Gift Baskets" for our soldiers, placed there by the Red Cross Chapter. Their purpose is to receive any small donation such as may occur to you while shopping. A package of chewing gum or candy, cigarettes and cigars, pipe and tobacco, handkerchief, tooth paste, or a bottle of refreshing toilet water, anything you think a man would like. These will be collected and sent by November, in time to cheer with a remembrance at Christmas time.

Not every woman may become a Red Cross nurse, for certain experience and training are necessary to qualify for the position, but every woman, of whatever age or condition in life may help the Red Cross movement. The best way to do this is to join a local working unit, to make hospital garments for the parent society. Every man can help by joining his local Red Cross Chapter, paying for his membership \$1 and up, as much as his purse, generosity and patriotism suggest.

"Greater love hath no man than this, that a man lay down his life for his friend." Our soldiers are placing their lives upon the altar of our country. Let us show our appreciation of the great sacrifice they are making by helping on the work of the Red Cross, whose ministering love and care may be needed by them in the hospitals at the front.

The first contingent of our home boys leave today for training in our great national army. Every member of the Farmington Red Cross Chapter should therefore feel a personal interest in the American Red Cross Society, whose mission is to care for and nurse those who may be wounded or taken sick. It is a great humanitarian as well as a patriotic work. By contributing to it you are contributing to the comfort of our home boys, on the land or on the sea.

EFFICIENCY CAMPAIGN

An efficiency campaign is being conducted in the Baptist church by Rev. C. C. Cunningham, of Marshall, Mo., son of Pastor O. H. L. Cunningham. Rev. C. C. Cunningham is efficiency expert for the Saline Association of North Missouri and has been conducting efficiency campaigns all over the State.

In the afternoons he lectures on the organizations, activities, equipment and finances of a church and in the evenings he delivers sermons.

The meeting started Sunday and will continue two weeks. So far a good crowd has been in attendance at all services, and much interest has been shown.

LUTHERANS WILL CELEBRATE MISSION FESTIVAL SUNDAY

The annual mission festival of St. Paul's Lutheran congregation will be celebrated Sunday. Lutherans of Flat River, Bismarck, Pilot Knob and other points will participate in this celebration. Three services will be held. In the morning at 10:30, German services will be held; the Rev. C. F. Drewes, of St. Louis, will preach the sermon. Rev. Drewes is the Field Secretary of the Lutheran Missions among the colored people of this country. He will, therefore, have a special message to bring to all who will come to hear him. In the evening at 7:30, Rev. Drewes will give an illustrated lecture in English, showing the mission field among the colored people of North Carolina.

In the afternoon at 2:30, services will be held in English, and the Rev. J. Frenz, of Festus, will occupy the pulpit. There will be special singing by the children of the day school. The church choir will render special music in the morning and evening services. The collections lifted in the services are for the benefit of missionary work. During 1916 the Synod with which the local Lutheran congregation is affiliated, raised \$889,505.91 out of this money is raised at the annual mission festivals celebrated by almost every congregation of the Synod.
